We would like to develop educational/public information campaigns: Vector borne disease in Richland County and health effects from mold due to flooding. Our goal would be to develop the campaigns and provide displays for at least three local partners.

These educational campaigns would include press releases, displays for use a local events, tick Id cards, repellants, etc. and we would work with our local partners (possibly Extension, Parks and Rec., Brewer Library Neighborhood Housing, etc.) to promote and distribute the information.

We would like to get all of the tool kits on the PH and EM websites, and promote awareness through newspaper articles and radio spots.

I would propose hiring a contract employee for 10 hours/week for 20 weeks to develop the educational campaigns and work of the websites under the supervision of Public Health and Emergency Management.

These activities would be completed by September 30, 2016.

Contract employee 10 hours/week for 20 weeks	= \$3600.00
Tick Id cards, Insect repellant towelettes, display supplies	<u>= \$1900.00</u>
	\$5500.00

Please let me know what you think.

Thanks, Marianne

Hi Marianne,

I just wanted to send a quick reminder about sending us details on how you plan to use the supplemental \$5,500 BRACE funds. Please send me a brief document with the information below by **Friday, April 8<sup>th</sup>**. Thanks!

**Additional Funding:**

- what you propose to do with these funds (objectives, goals, audience)
- how these funds would be allocated (budget)
- when these activities would be completed (they must be completed by the end of our current fiscal year, Sept. 29, 2016).

Let me know if you have any questions.

Best,  
Colleen
